Reason for EOL

Products developed and manufactured by WEY are subject to typical product life cycles. When planning for new product releases, we pay close attention to the steady advancement of technology, new production processes and, evolving environmental requirements (RoHS). This also means that the production of certain products can be phased out and replaced by a successor model.

Effective Dates

Please note that the distribution and support of the product(s) will be discontinued as follows:

End of Sale

31. December 2022

End of Hardware and Software Support

31. December 2023

Successor Product(s)

Please contact our sales team for further information.

WEY Group AG does not guarantee that the successor product(s) have the exact same design and features as the EOL product(s), nor that they are mechanically and/or electrically compatible.
