

WEYTEC

WORKPLACE OPTIMIZATION

smartUX Plus

Suitable for smaller, less complex systems, smartUX Plus offers a smart solution with streamlined functionalities. An operator can control multiple sources at their workplace while guaranteeing unbeatable ergonomic comfort and efficient workplace design. It offers scalability and can be upgraded at any time to a WDP MX® solution for even more benefits and features. smartUX Plus enables users to control one specific source at a time and one source per screen, while information content is arranged using a predefined number of presets. Connectivity for interactive work with an information system is also established via presets.

Benefits of the smartUX Plus Solution:

- Optimal user experience
- Immediate source selection and layout changes
- Maximum IT security
- One keyboard and one mouse for instant, secure access to any source
- Peerless resilience and redundancy
- Investment protection with scalability to a full WDP MX® solution

Technical Features of the smartUX Plus Solution:

- Standard keyboard/mouse
- Control via shortcut
- Presets
- Encryption
- Internal event handling
